

Armed Robbery Thwarted

A Kalamazoo man foiled an armed robbery in the parking lot of the Red Barn when he shoved a man wielding a knife into another robber. The 37-year-old Kalamazoo man then fled into the bar and the bartender called the police.

The attempted robbery occurred at 1:55 a.m. Friday morning. The Crawford Co. Sheriff Dept. is issuing warrants for two men and one woman for the attempted armed robbery. The suspects are believed to be the same suspects arrested in Roscommon County for an armed robbery Friday morning of Tom's Amoco near the Crawford Co. line.

Maple Forest Twp. Gets New Supervisor

Mrs. Barbara Hunter was appointed the new supervisor in Maple Forest Township at the regular board meeting on Thursday, September 15, 1983.

Mrs. Hunter replaces former Supervisor, Robert Murphy, who resigned in August.

Residents who wish to contact the township Supervisor will now be contacting Barbara Hunter on Hunters Trail in the township.

Assault Suspect Charged

Michael McKay, 28, of Kalkaska, was charged with assault to do great bodily harm less than murder in connection with the beating of a Traverse City woman April 4 in Lovells Twp.

The woman was forced off the road and beaten by a man along Co. Road 612 before a car driving by frightened off the attacker. Bond on McKay was set at \$10,000.

In other county news, a fire damaged Riley's Country Store in Beaver Creek Twp. Sept. 13. The blaze was controlled by the Beaver Creek Fire Dept. and the fire is suspected to have been started by electrical wires.

KCC Hits All-Time Enrollment Record

Kirtland Community College reached its highest fall enrollment ever this year with more than 1500 students attending classes, said William Ingleson, dean of students.

Enrollment is up 12.5 percent from last fall's figures and topped the previous fall record of 1499 made in 1980. Ingleson said all computer and word processing classes are full and a new graphic design course is full also. All of Kirtland's programs received good student response, he said.

Kirtland's off-campus programs in Grayling, West Branch, Houghton Lake, and Cadillac are also enjoying more enrollment this fall. For more information of Kirtland Community College programs — offered at the lowest prices in the state — Call 275-5121.

WHAT A DAY'S CATCH—Many a fisherman would like to haul in as many trout as two Flowing Wells workers did last Thursday at the Grayling Fish Hatchery. Flowing Wells took back 500 of the 10,000 fish they leased the hatchery and will be hauling the rest away at the end of the month. The hatchery will remain open at least until Oct. 1 for visitors. More Federal Lands Proposed for Exchange

By Jon Thompson

Nearly 6,500 acres of federal land in South Branch and Grayling townships are included in a proposed exchange of land between the U.S. Forest Service and the state of Michigan.

Dozens of tracts of federal land, ranging from a few acres to as large as 597 acres, will be switched over to the state and DNR management under the proposal. The transfer is part of a national program started by President Reagan to consolidate federal lands.

The federal government would not receive any land in Crawford County under the statewide land exchange proposal. Three years ago the federal government transferred 3,885 acres in the same area to the DNR as the initial step in consolidating the Huron-Manistee National Forest. The U.S.

Forest Service wants to keep a large block of the Huron-Manistee Forest in Crawford and Oscoda counties and give away the tracts outside the main block of forest.

Included in the proposed exchange is the popular Kneff Lake campground. Management of the area would change from the U.S. Forest Service to be DNR under the proposal.

The land exchange program is attempting to consolidate forest areas under one control to provide better management. If the federal lands are transferred to the state, the county would receive \$1.50 an acre in tax monies from the state instead of 75 cents an acre from the federal government.

Most of the land in the proposal is located south of M-72, east of Staley Lake Rd., west of Chase Bridge Rd., and north of the AuSable S. Branch.

Canoers Handle Long Portages, Hot Sun On 3342-Mile Journey

By Jon Thompson

After a six-mile portage along M-72 west of Grayling carrying an 80-pound canoe, it was all downhill — and downstream — for Harvey Van Patten, 39, and Tresa Bucher, 28, on their 3,342-mile journey from Three Forks, Montana, to East Tawas, Michigan.

The six-mile hike with their canoe on their shoulders Monday, Sept. 12, may have been their longest portage, but it wasn't their most difficult. Because their Grayling portage was along a highway and there was a group of well-wishers, a television crew, and chamber of commerce officials on hand, the durable duo allowed Bucher's cousin to transport 30 pounds of gear in his truck. At their other 23 portages — some as long as three and a half miles — Van Patten and Bucher had to carry everything.

"We called them hopscotch portages," Bucher said. "We would carry the canoe as far as we could see the gear then we would go back and carry the gear ahead of the canoe. So a three-mile portage would actually mean nine miles of walking," she said.

Why the 118-day trip across the midwest? "It was well worth it," Van Patten said, "for the things we learned about the rivers, the land, and ourselves."

The two Oregon residents mainly followed

the route taken by Lewis and Clark on the western portion of their trip. In Michigan they wanted to follow an Indian route across the state but were warned against log jams and low water. They paddled upstream 200 miles on the Manistee and wanted to take Portage Creek to Lake Margrethe and then make a mile and a half portage to the AuSable. But local residents told them that Portage Creek was not navigable.

So they would carry their 80-pound canoe along M-72 from Ray's on the Manistee to the AuSable at the M-72 Bridge. They paddled through the still waters from the bridge to the courthouse and portaged again to the mainstem.

Van Patten said the trip up the Manistee was more beautiful than paddling along Lake Michigan. Bucher said she learned more about water and currents paddling 200 miles upstream on the Manistee than she did in 2000 miles of canoeing downstream.

They estimated with their weight, their dog Josephine, gear, and canoe, they were pulling more than 600 pounds upstream.

Besides battling the current, they also had major skirmishes with a summer sun that scorched them at 105 degrees near Kansas.

Despite the hardships, during his Grayling portage Van Patten said it was exciting and sad to be near the end of the trip.

School Enrollment Up, GHS Close to Class B

By Jon Thompson

Enrollment at Crawford AuSable schools increased instead of declined for the first year since 1976 and the high school is only 12 students away from moving up from a class C to a class B school.

GHS students numbered 587 on Sept. 14. The dividing line between class B and C is 598/599 students based on the traditional Fourth Friday enrollment count (Sept. 30 this year).

Overall in the district, the number of students increased to 1807, up from 1794 last year. The student count showed school projections were only off by seven students. Superintendent Kent Reynolds said these were the same projections that predict next year's kindergarten class will be the largest in the school system and will force another section to be added. He said estimates indicate enrollment will continue to grow for the next five years — forcing new sections to be added at each grade level as the big class moves upward and large classes continue to enter the system.

"Five years from now, we're going to be four or five classrooms short at the elementary level," he said at the school board

meeting Monday night. "This is why we planned on including the fifth graders in the new middle school."

Currently three sections of Grayling fifth graders are bused to Frederic Elementary to prevent crowded classrooms in Grayling.

In other school news, the board of education approved a survey of the 2009 voters in the Sept. 12 election to find out what issue the people might support.

Within a week and a half all the persons who voted in the election will receive a questionnaire to fill out anonymously. The survey will ask both yes and no voters if they would support renovation of the middle school, a new building on the football field - elementary school site, a new building separate from the high school on the opposite end of the 80-acre site, or the same issue that was defeated. Voters will also have the option of telling school officials they will vote no on a future bond election no matter what the issue is.

There will also be an open survey for registered voters who did not vote Sept. 12. Cost of the survey was estimated at \$400.

Reynolds said he felt the question is not

Airport Open Weekends, Board Looks at Contract

By Jon Thompson

The Crawford County Transportation Authority has recommended the county commissioners consider contracting the airport operation out to an individual as one of their options for solving problems at Grayling McNamara Airport.

Problems at the airport peaked late this summer when two employees were laid off due to a growing \$20,000 deficit and the airport was shut down for five weekends.

Al Livrance, the volunteer manager of the airport reopened the airport seven days a week beginning Labor Day weekend.

The Crawford County Board of Commissioners still have control over the airport but soon will be switching that power to the new Transportation Authority. After receiving the authority's recommendation at their Sept. 13 meeting, the commissioners voted to have the prosecuting attorney look over a basic contract agreement similar to one used at Roscommon Co. airport.

If the contract agreement appears sound, then they'll advertise and see what proposals they receive from individuals wanting to operate the airport. No decision has been made yet to contract the airport out.

Van Patten financed the trip by winning \$2,500 in a bathtub river race out West.

From Our
Corner...

There is really nothing like spending Sunday at home and helping to celebrate a big 6-0 birthday...we were awakened about 10 o'clock to the fact aren't you ever going to get out of bed and help me get something done...

We struggled out of bed and asked what the big thing was...it's too early to be even thinking on a Sunday morning, and at this ungodly hour...this is the time we dream we have money and don't have to work anymore...our bride burst the bubble...

After the second cup of coffee she informed me that our Traverse City family was going to come and help her get through one more milestone of her life...we had forgotten...once you pass that milestone, all you have to look forward to is the next milestone and hope you make it...

We also weren't thinking about our friends, Tom and Marie St. Germain stopping Saturday afternoon and we had a couple pieces of cake at the hotel in the birthday girls honor...only because Tom found out someone is older than he is...he didn't ask me my age...

Getting back to our Traverse City Family...T.J. and Stefany are getting started in school right and were selling things to help out their class...we don't mind all this but, when you spend \$10 and all you get is a calendar and a kiss...I guess you set back and say to heck with the calendar...

We were surprised Saturday evening when we came home and were unpacking the garbage from shopping when a knock came to the door, it was T.J., we thought how in the heck did you get here alone, but being a detective of sorts, we found out she was with her friend, Stacey Shepherd, also of T.C. and came to visit Stacey's grandparents the Howard Schmidts for the weekend who live just around the corner from us...makes a small world...

I guess it takes all kinds of people to make this world turn, but there are certainly some we could do without...just recently some person or persons cut down the American flag of the Lamont Hamlins who live on Old Dam Road...the flag was given to them, by their daughter-in-law and was given to her by the U.S. Government when her first husband, who was a serviceman died...someone has to be real proud of themselves...I wonder what they feel like when they look at themselves in the mirror...

The way the Detroit Lions have performed the last two Sundays we've been thinking it really doesn't matter if we stay home on Sundays and work on this turkey or not...we get disgusted to easy and the way they play we wonder how they can even win one game...their defense was touted after they blanked the Tampa Bay Bucs...wonder how they explain the 30 points the Atlanta Falcons scored Sunday...at least the day wasn't a total loss...the Dallas Cowboys and their cheerleaders were in the second game...

This has been another tough turkey to put together...we spend a little bit of time on it Sunday and have been trying to finish it up Monday, and right now it is getting more difficult and it is getting time to head for the wagon shed...we could mention here though that John offered Sunday to help clean out my den but we didn't get the green light from the boss...maybe if we keep bringing this up, something may happen, although we do have our doubts...

We can't come up with anything more for this week's efforts so will just say goodnight to T.J., Stefany and Amber, and to all of our readers have a nice weekend...the color tours will be starting shortly around here...

The Bible Speaks

From Calvary Baptist Church

Man's Greatest Fear

Jonathan Schell in his book, "The Fate of The Earth," appealed to man's basic instinct for self-survival to create a strong fear which would then motivate men to defuse the danger of nuclear weapons by establishing a one world government of perpetual peace. Fear of death or annihilation may be the greatest fear of the Humanist, but it isn't the greatest fear of any person who believes the Bible.

When Matthew Henry said, "Give Me Liberty, Or Give Me Death," he was saying there is something worse to face in life than death. To Matthew Henry slavery or loss of liberty was worse than death. I have met many people during my years of ministry who openly stated their preference for death over the present circumstances of life. Human pain & suffering, whether it be by disease, social injustice or the torture of war, can break the human spirit and cause man to welcome death.

Our Lord Jesus Christ taught us not to fear man. "And I say unto you my friends, Be not afraid of them that kill the body, and after that have no more that they can do." Luke 12:4. "The fear of man bringeth a snare: but whoso putteth his trust in the Lord shall be safe." Proverbs 29:25. After the warning not to fear man Jesus warned us whom to fear: "But I will forewarn you whom ye shall fear: Fear him, which after he hath killed hath power to cast into hell; yea, I say unto you, Fear him." Luke 12:5.

Man's greatest fear is not what man can do to him in life, or what happens to him in life which may bring death, but rather the thought

of spending eternity in the torments of an everlasting Hell with a soul which cannot cease either suffering or existing. "It is a fearful thing to fall into the hands of the living God." Hebrews 10:31. It is a "...fearful looking for of judgment and fiery indignation..." Hebrews 10:27. "But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death." Rev. 21:8.

Those of us who preach the Bible are often branded "Hellfire and Brimstone" preachers by the Liberals. This kind of preaching is justified: "And others save with fear, pulling them out of the fire; hating even the garment spotted by the flesh." Jude 23. If liberal Humanists have created enough fear of death and innihilation in you by considering what man may do with nuclear energy, may I plead with you to consider what the God who created all nuclear energy and still holds it all together, will do to you in a place called Hell for all eternity if you reject His love in Christ Jesus? In comparing the danger between the Humanist's view of annihilation and the Bible threat of eternal Hell, only fools will make the wrong choice. (adv.)

Hopkins Man Saves His Truck

From the Wayland Globe

A daring stuntman act, usually only seen on TV or in the movies, was performed early Tuesday morning by a Hopkins man who was trying to keep his truck from being stolen. The wild ride the man endured and his brave apprehension led to the arrest of a 15 year old youth (a run-away from a Youth Home); who is in custody at the Allegan County Home (Weston Hall), and has been charged by police with unlawfully driving away a motor vehicle.

According to the Allegan Co. Sheriff's Dept., Gregory Richter, of 1943-123rd Ave. of Hopkins told police that on Monday (Labor Day), when he got ready to go away he noticed the keys to his pickup were missing, so he used his spare keys to start his vehicle. When he returned home several hours later he found someone had broken into his home and taken food, a camera and several other small items. He reported it to police.

At 12:15 a.m. he awakened on hearing his truck start-
ing; someone was driving his pickup down the drive-
way away from his house. The Hopkin man, barefoot and only dressed in his shorts, ran out of his house and was able to catch up and jump on the back of the truck.

He said the youth noticed him in the rear of the vehicle, then drove recklessly, swaying back and forth across the road; without lights on through Hopkins, Hopkinsburg, Bradley and on to US 131, traveling south - the wild ride went on for almost 2 hours.

On the expressway, Richter laid flat on his back and with both feet kicked out

Season Passes For Hanson Park Sking Now Available

Buy Early and Save!
With the opening of Hanson Park for the 1983-84 ski season just 3 months away right now would be a good time to consider making plans for winter activities. With that in mind, the Grayling Recreation Authority has established new rates and membership fees for the coming season. Applications for memberships are now being accepted at the park offices which are located in the old Bear Museum Building. Rates for a family membership this year are \$175 if purchased prior to December 1 and \$200 if purchased after that date. Individual membership fees are \$80 prior to December 1 and \$95 after that date. This year, there is no distinction between adult and student individual memberships.

In addition to the regular memberships, this year Hanson Park will be offering a Super-Ski Ticket. The Super-Ski Ticket is a punch-out coupon which can be exchanged for \$51.00 worth of two fees. The price of the Super-Ski Ticket is \$40.

It is hoped that many area skiers will purchase their memberships early in order to provide the park with much needed money to make the necessary preparations for the ski season. The lack of snow during the 1982-83 season left the local recreation area facing a deficit of about \$14,000. In addition to paying for last year's poor season, the park is faced with many necessary repairs and improvements before the scheduled December 26 ski opener. Those seeking additional information regarding Hanson Park Ski Memberships should contact the park at 348-9266.

the back window of the cab, and grabbed the youth by the hair. The boy stopped the truck in the passing lane of US 131 near 112th Ave. About a minute later Allegan Co. Deputy Dennis Kaminski came on the stopped vehicle and assisted the Hopkins man.

Richter was taken to Pipp Hospital in Plainwell for treatment of cuts received while apprehending the youth.

Greg is the son of Carl Richter of Gaylord (Maple Forest formerly) and of Bonnie Richter of Grayling, and grandson of Esther Hall. He wrote us that the police gave him a raincoat to wear to the hospital; it was raining very hard during this time and he felt like he was freezing to death. He broke a side view mirror off the truck but couldn't break the

Women Retreat Slated For Boyne Mountain

"The Wholehearted Seeker" will be the theme for the 12th annual women's retreat which will be held at the beautiful Boyne Mountain Convention Center on Friday, November 4th and Saturday, November 5th. The retreat will provide an opportunity to join women from many cities for inspiration, fellowship, and encouragement.

Florence Littauer, from San Bernardino, California, and Bob Benson, a past retreat favorite, will be the featured speakers. As a young woman, Florence Littauer set out to be educated, rich, and famous. She achieved all of those. An honors graduate of the University of Massachusetts, Florence won the coveted award of "Best Female Speaker in New England Colleges." She has professionally directed many musical comedies and has done fashion commenting for R.H. Macy's. Her storybook marriage to Fred Littauer was featured in Life Magazine in 1953. But neither the success nor the marriage brought peace or fulfillment to the Littauers. The marriage became one of apathy and separate lives and Florence experienced a period of severe depression. Florence will share with us how, after two personal

tragedies, God took hold of their lives and their marriage and turned them around. Together they now conduct New Life seminars for couples who want to improve their marriages.

A special Community Banquet, for men and women of all ages will be the highlight of the retreat weekend. Bob Benson, an outstanding author and speaker, will be sharing with us at that time and music will be presented by Jana Wacker of Lake Forest, Illinois. The program and dinner will be held November 5th at 7:00 p.m. in the Boyne Mountain Convention Hall.

More information, registration forms and banquet tickets can be obtained by contacting your local area coordinator, Patti Shepler at 348-3123 or they may be picked up at Davis Jewelry. The retreat is sponsored by the neighborhood interdenominational Bible classes of Petoskey and all women are invited to participate.

CARD OF THANKS

We would like to thank our wonderful friends and relatives for making our 25th wedding anniversary open house a very memorable occasion; also, to thank everyone for their beautiful cards and gifts.

Special thanks to Al Kesteloot, Eloise Schmidt, the American Legion, Ed Harris and Howard Schmidt for the music, Laura Schans for the centerpiece, Ma Hatt and Ma Davis, and our sons.

Mr. and Mrs. Larry Davis

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

The Murray family vacationed a few years ago at Sunda-pee, N.H. and thought it was just another vacation. It wasn't! One Tuesday morning, Mrs. Murray looked out of the kitchen of the cottage and what she saw made her blood run cold.

The family car, with her two younger children Kathy and Jimmy inside it, was rolling down the driveway toward the lake. The mother ran out of the house and tried to grab the rear bumper, but she was no match for the weight of the vehicle. With the children screaming inside, the car rolled toward the lake, squeezed in between two trees with only inches to spare. Then it dropped into the lake and settled in ten feet of water. A neighbor boy said he saw three year old Jimmy trying to get out of the back window.

It is horrible to be helpless. This mother will be tormented the rest of her life by the look upon her child's face as he plunged to his death. She was helpless at her children's greatest moment of need.

Life sometimes and too often finds us as helpless victims, facing in life what we would like to change, but cannot.

The beauty of God's love is that He came to our rescue when we were absolutely unable to help ourselves. Paul said that Christ died for us while we were yet sinners. That means we were helpless and unable to change the condition or status of being helpless.

God has perfect timing. He didn't just send His Son to die for us. He did it at a time when our need was most urgent...we were powerless and helpless.

Thank you God for doing something I could not do, save me!

ACTIVITIES DIRECTOR GRAYLING

We need an energetic and imaginative person to create and supervise an Activities Department in our new nursing home. Such a person must enjoy working directly with the aged and elderly, both in a group and on a one-to-one basis.

The person we are seeking must have a minimum of a high school degree, good public relation skills, experience in a variety of crafts and games, a good driving record and flexibility in their work schedule.

This will eventually be a full-time salaried position (9-10K); however, available hours for this position will be at first minimal, based on the number of patient occupancy. Application will not be accepted after Oct. 4th.

Commission wants Full Authority over Officials' Pay

Warren M. Hoyt, Executive Director, MPA

The chair of the State Officers Compensation Commission has recommended the panel be given full authority, without any legislative review, to annually set pay and other compensation levels for elected officials.

Former Michigan State University President Edgar Harden made the proposal at a hearing by the House Appropriations Committee on a bill to extend the time the Legislature has to reject commission set pay levels.

Harden's proposed amendment would expand the commission's authority to include compensation for the attorney general and secretary of state, whose pay is now set by the Legislature, provide for the commission to meet annually rather than once every two years and give it authority to determine not just salary and expense levels, but direct and indirect compensation and fringe benefits as well.

The Legislature now sets its own retirement and health care plans.

Harden told the committee the pending legislation to extend consideration time treats the symptom and not the cause of the regular pay issue debates "by facing up to the real issue, we ought to put this all in the hands of the Legislature or with the State Officers Compensation Commission. As it is, we are all losers," Harden said.

The proposal was welcomed by many members of the committee, including Rep. Thomas Mathieu (D-Grand Rapids) who said the dual authority under the current system of authorizing the Legislature to reject commission determinations "leads to all kinds of mischief" by legislators trying to get political mileage out of opposing pay raises.

The meeting was marked by several sharp exchanges between Democratic committee members and Republican proponents of the bill, including criticism by commit-

tee Chair Rep. Dominic Jacobetti (D-Negaunee) to Sen. Harmon Crossy (R-Decatur) that he was illegally trying to amend the constitution by a bill.

"The constitution says the Legislature must reject the recommendations by February 1. It is very specific on that," he said.

Actually, the constitution only authorizes the Legislature to reject the recommendations, while a state law, which the bill would amend, sets the February 1 deadline for taking the action.

The bill would extend that deadline, which critics say does not give legislators time enough in the new organizing session to consider the matter, to 90 days after submission of the executive budget.

EXECUTIVES ASSIGNED TO STATE GOVERNMENT POSTS

Corporate executives will soon start appearing within state government to lend their expertise in streamlining government and aid in opening new markets.

Seven corporate executives, part of Governor James Blanchard's so-called executive corps, are on leave from their corporations to work in state government on high-priority projects related to the state economy, assisting state officials in analyzing and developing policy initiatives.

The state will retain the services of the executives for \$1 per year, but individual participating companies will continue to pay the salaries of the executives.

Blanchard said the Executive Corps is an example of the kind of cooperation that can take place between business and government. He said the program will serve to close the gap between business and government.

Companies participating in the program include Burroughs, Detroit Edison, Dow Chemical, Kellogg, Federal Mogul and General Motors.

G.H.S. Alumni Homecoming Sept. 10 Huge Success

It was a good evening at Holiday Inn for the G.H.S. Alumni Homecoming on Saturday, September 10. There was a congenial mixture of young and "older" grads. Reception started at 5:30 p.m. and the Buffet Supper at 7 p.m. with a cake decorated in green and white as dessert.

The Program MC was Clara Sorenson, '35, who bid welcome to the group and continued on with recognition of Anniversary classes. "The more often we get together...the less shocked we will be, to see how much we have changed." Reunion years are observed every 5 years.

60th, Class of '23, Archie Cripps...55th, Class of '28, Paul Hendrickson.

A word of appreciation to Frank Bond who came to G.H.S. in the Fall of '33, was on our staff as Science teacher, Principal, Superintendent. He retired here on the Manistee, so he has a 50th here in Grayling. He was instrumental in this the organization of the G.H.S. Alumni Association which got its Charter in '53 (another anniversary date). Thank you, Frank. This is what gets us all together.

Board members present, Acting President, Helen Isenhauser Feldhauser, '39...Secretary, Margaret LaMotte Balch, '31...Treasurer, George Granger, '24...Directors, Anna Swanson Granger, '26...Louise Feldhauser, '39...Marie Akers, '38...Ernest Balch, '72...Dorothy McLeod, Wilma LaGrow, Lois LaGrow (Class of '33) and Clara Sorenson, '35. This group of people has been together monthly to conduct the necessary business.

Highlight of the evening was presentation of our Honor Guest, Howard Taylor. He has brought pure enjoyment to Grayling through his work with our young people at the High School...his Broadway Productions are superb. As a testimonial of this dedication, I received a long-distance call from Mary Hunter, '71, Seattle, Wash., who dictated a letter which was read to Howard. She

said it all for us. We presented him with a gold musical note mounted on a wooden base, as a memento of our Sincere Appreciation. We also presented a "garden bouquet" to D.J. Taylor, Howard's bride of one week. His son, Tim, '83 was seated with them. We wish them Happiness.

Chris Larson, '84 spoke to us as Student Council member, inviting us to be part of the High School Homecoming activities, possibly with a representative float. Thank you, Chris.

Howard Schmidt, our guest, acted as leader for some group singing. "Grayling Will Shine Tonight" ended the program. The remainder of the evening was spent dancing to the music of The Dixieland Band with D.J. at the piano.

It was good to see families together. Earl Nelson, '22, had his sons, Richard, '46 and Roger, '58...Floyd San-Cartier had his children, Ron, '54 and Sandra Martin '57...Anne Eldred had her sister, Monica, '43, brothers, Francis, '29, Mike, '45...Helen Warner, '33, had her children, Keith, '56, Kay Leslie, '59...Dorothy McLeod '33, had her sons, Dick, '60, Jon, '67...Norberta Sawyer, '38 had her brother, Harry, '32...Alice and Frank Bond had their children, Joan Miller, '51, Jim, '54...Elna Mae Moshier, '33 had her son Herluf, '64...Mike Malloy, '33, had his sister, Marie McDonald, '39...Bill Joseph, '37, had his sister, Mary

There are no "gaps" at Homecoming...there is nothing like the congeniality of this gathering of G.H.S. Alumni...and even though we make a lot of mistakes...we try.

Until next week...I will let you know who was here from out-of-town. I know I have forgotten something...what? Homecoming never ends in Grayling.

Local Officials Hear President Reagan Address Nation's Biggest Town Meeting

Bernie Fowler, Grayling Township Supervisor, Tom Keipert, Higgins Township Supervisor, and Bob Robinson, Associate Director of the Michigan Townships Association were among nearly 1,000 local government officials who heard President Reagan address the nation's biggest town meeting. The President spoke before the September 11-13 conference of the National Association of Towns and Townships in Washington, D.C.

The President saluted the officials for the way they have kept grassroots government strong in the communities they govern across the country. Reagan cited examples of volunteer projects and innovative leadership in townships. They also heard presentation by a number of other influential Americans at the Educational conference. Feature speakers included Department of House and Urban Development Secretary Samuel R. Pierce, Jr.; Senator Charles H. Percy, Illinois; House Minority Leader Robert H. Michel, Illinois; and Representative Timothy J. Penny, Minnesota.

Lucksted Catches 7

Bill Lucksted, a 1980 GHS graduate, caught seven passes Saturday for 73 yards in a Grand Valley College 35-21 loss to Eastern Illinois.

Lucksted continues after GVSC records held by his former teammates Joe Rubick and Jeff Chadwick, currently members of the Detroit Lions. Rubick scored a touchdown last Sunday and Chadwick grabbed several tough passes coming back from a disappointing dropped pass two weeks ago.

Lucksted is in his fourth year at GVSC and has already been contacted by scouts.

A reception on capitol hill gave the three men a chance to talk with senators and representatives from Michigan. Activities throughout the conference allowed delegates to exchange local government ideas with each other.

Educational workshops focused on a variety of policy issues and concerns for communities: safe transportation of hazardous materials, computers in the town hall, federal financing of rural transportation, cutting costs of local governments, and funding programs for community development.

Gentlemen:
I am referring to the article of some weeks ago in your pictorial section by Jon Thompson entitled "Bombs and Berrypickers".

Sometimes some positive events happen to give a different slant on person's opinion. A young lady who is in the National Guard walked in the hallway of the Grayling Holiday Inn and found a roll of bills which totalled \$490.00. She at once turned the total find over at the Front Desk.

Sometime later that same evening, a young Guard from Bay City, Mich. came into the Inn and stated that he and his friends had searched all of the places he had frequented and finally tried the Holiday Inn. Much to his delight and restored confidence he was happy to receive his money.

The names of the persons involved above are on file. It is our hope that the positive events that happen in a variety of ways, will prove to everyone that the Guard as any other groups of people, is made up of a variety of persons. We have appreciated their presence and their spirit and boost they have given our community.

FAMILY REUNION—The Harold Strouse family spent the weekend of August 27th at a "Camping Family Reunion". It was Marilyn's side of the family and was the second annual event. The location of fun and relaxing was at the forestry campground on Lake Van Etten near Oscoda. There were 24 members camping including the Clifford and Sheryl Beck family and Glenn and Suzann Hagle family, both of Grayling.

There was target practice at the archery range on the Air Base. Swimming, canoeing, fishing and dune buggy riding were enjoyed. There was also a birthday party and family pictures were taken. A four generation picture consisted of Marcus Hagle; his mother, Suzann Hagle; grandmother, Marilyn Strouse and great grandmother, Inez Stebelton of Clare.

Arts Council Dance Program

The Crawford County Arts Council's dance program is now in full swing, having completed its first week of classes at the new Crawford County Arts Center (located on the west end of the Grayling Mini Mall). Dance students are still being accepted, however. For registration information, interested individuals can call 348-8322, from 9:00 a.m. to 5:00 p.m., Mondays through Friday.

Many different dance courses are being offered. Veteran instructor Louise Hayes teaches all ballet classes, from pre-school age through adult. Jini Hindmarsh teaches two jazz classes. If there is sufficient interest, a tap class and a ballroom dancing class may be offered in the near future.

As well as dance classes, an aerobic dancing course, taught by Teresa Furst, is available five days a week.

The dance classes are open to all Arts Council members; the aerobics classes to anyone interested. Obtaining CCAC membership is quick and simple, and can be done at the time of registration for a course.

Emergency Medical Week

Mayor Sandy Thompson has declared September 18-24, 1983, to be Emergency Medicine Week in Grayling.

Sponsored by the American College of Emergency Physicians, Emergency Medicine Week is designed to encourage the public to learn more about the emergency medical resources in their communities.

The newest medical specialty, emergency medicine is the practice of evaluating, stabilizing and treating life and limb threatening illnesses and injuries. Emergency physicians provide this care, in addition to aiding all other patients who seek medical care in emergency departments. Each year, over 33 million Americans turn to emergency departments for medical care.

Hospitals throughout the country will be honoring emergency medical practitioners during Emergency Medicine Week by holding such special events as open houses and demonstrations of equipment. Mercy Hospital, Grayling will honor its emergency department on Wednesday, September 21 with an open house from 9 a.m. to 11 a.m., 1 p.m. to 3 p.m. and 7 p.m. to 9 p.m. The public is invited to attend.

THANK YOU
 A big thanks to Dr. Henig, the ambulance crew and all the people who took care of me during my recent stay in the Extended Care Unit of Mercy Hospital.

**Life is a statement.
Death is a period.
A funeral is an exclamation!**

All human life is important. So important, in fact, that all cultures have ceremonies to mark the end of life. Such ceremony marks the death of the rich, the poor, the great and the common. Life is so important that when it ends we wish to review it as we review other important historical events. Survivors recall who we were, what we contributed, why we were loved and how our accomplishments might live on. Tribute and remembrance affirms the value of human life and recognizes individual accomplishment. In our society we gather at funerals to remember our loved ones. We share our sorrows rather than carry them alone. In recent years we have witnessed funerals to honor the memory of presidents, popes, and kings. Such ceremonies are equally important for the rest of us.

Raiders Win 20-8 at Home

By Jon Thompson

Jeff Palmer stole the football out of the Pellston quarterback's hand and romped 40 yards to help lead the Grayling Raiders to a 20-8 NFL win.

Palmer added a 41-yard touchdown catch and Jeff Wolcott ran 8 yards for a score as Grayling evened its record at 1-1.

Raider quarterback John Cross added a two-point conversion running in on a sweep.

Palmer also recovered another fumble and Wolcott picked off an interception. Ron Mehlhorn, Derrick Christman, and Marty Jung also recovered fumbles.

Tim Hickey, Terry Sorenson, Palmer, Wolcott, and Jung led a defense that produced the fumbles and a half dozen quarterback sacks.

Christman led Raider rushers with 39 yards and Wolcott added 38. Steve Lehti led receivers with two catches for 21 yards. Bud Ostrowski caught two for 16, Jeff McClellan had two for 13, and Palmer had one for 41.

In the earlier games at the Grayling field, Cheboygan - last year's champs - beat Atlanta 12-0, and St. Ignace beat Onaway 28-0.

In the southern division Grayling is tied with Atlanta at 1-1, Rogers City is 1-0, and Onaway is 0-1. Cheboygan, who defeated Grayling the first week, leads the northern division at 2-0. St. Ignace is 1-1, and Pellston is 0-2.

Sibs for Kids

School has started and things have slowed down now that the busy summer months have ended.

How are you going to fill the long hours of the winter months? How about becoming a Big Brother/Sister and sharing some of your time with a young person? Most of the time two involved in an activity together is more fun than doing it alone.

We have several youth participating in the Sibs for Kids Program, but we seem to have a shortage of responsible adults. There are many ways to involve a youngster in your normal activities.

Giving one's time to a youngster who needs it is more meaningful than gifts or money. Being a Big Brother/Sister need not require a financial commitment. The most important thing is to be a friend, to build a positive relationship. As an adult friend, your character will give guidance.

For more information contact our office at 348-2841 Ext. 282 and talk to Alea or Helen. Sibs for Kids is a United Way Supported Agency.

Red Cross CPR Class

Senior Citizens Homemaker Services

Do you have a VIAL-OF-LIFE in your refrigerator? If you don't have, you should. These little vials can save your life!!! The vial is a prescription bottle with all of the important information about your health. Names and dosages of all of your prescriptions, your allergies and emergency numbers to call. The ambulance drivers, policemen, paramedics, & doctors are all aware of the Vial-of-Life insignia that is placed on the outside of your refrigerator designating that there is a Vial-of-Life in your refrigerator. This lets them know what medications they can and cannot administer immediately. If you do have a Vial-of-Life, it is very important that it is kept up to date. When you have a new prescription or are taken off of one, your vial information should be changed. Myrtle McPhail will be at the Senior Citizen Center, Thursday, September 22 from 12:30 to 3:00 to issue new vials and update the ones already in service. So if you don't have a Vial-of-Life or if you do have one and it is not up to date, Call me at (348-9314) for an appointment.

"WE'RE A BARN-RAISING KIND OF CHURCH"

Spring Arbor, Michigan, is a small rural town. And our Church of the Nazarene is small too.

But it's a very important part of our lives. Not just on Sundays, but every day. On Saturdays, our

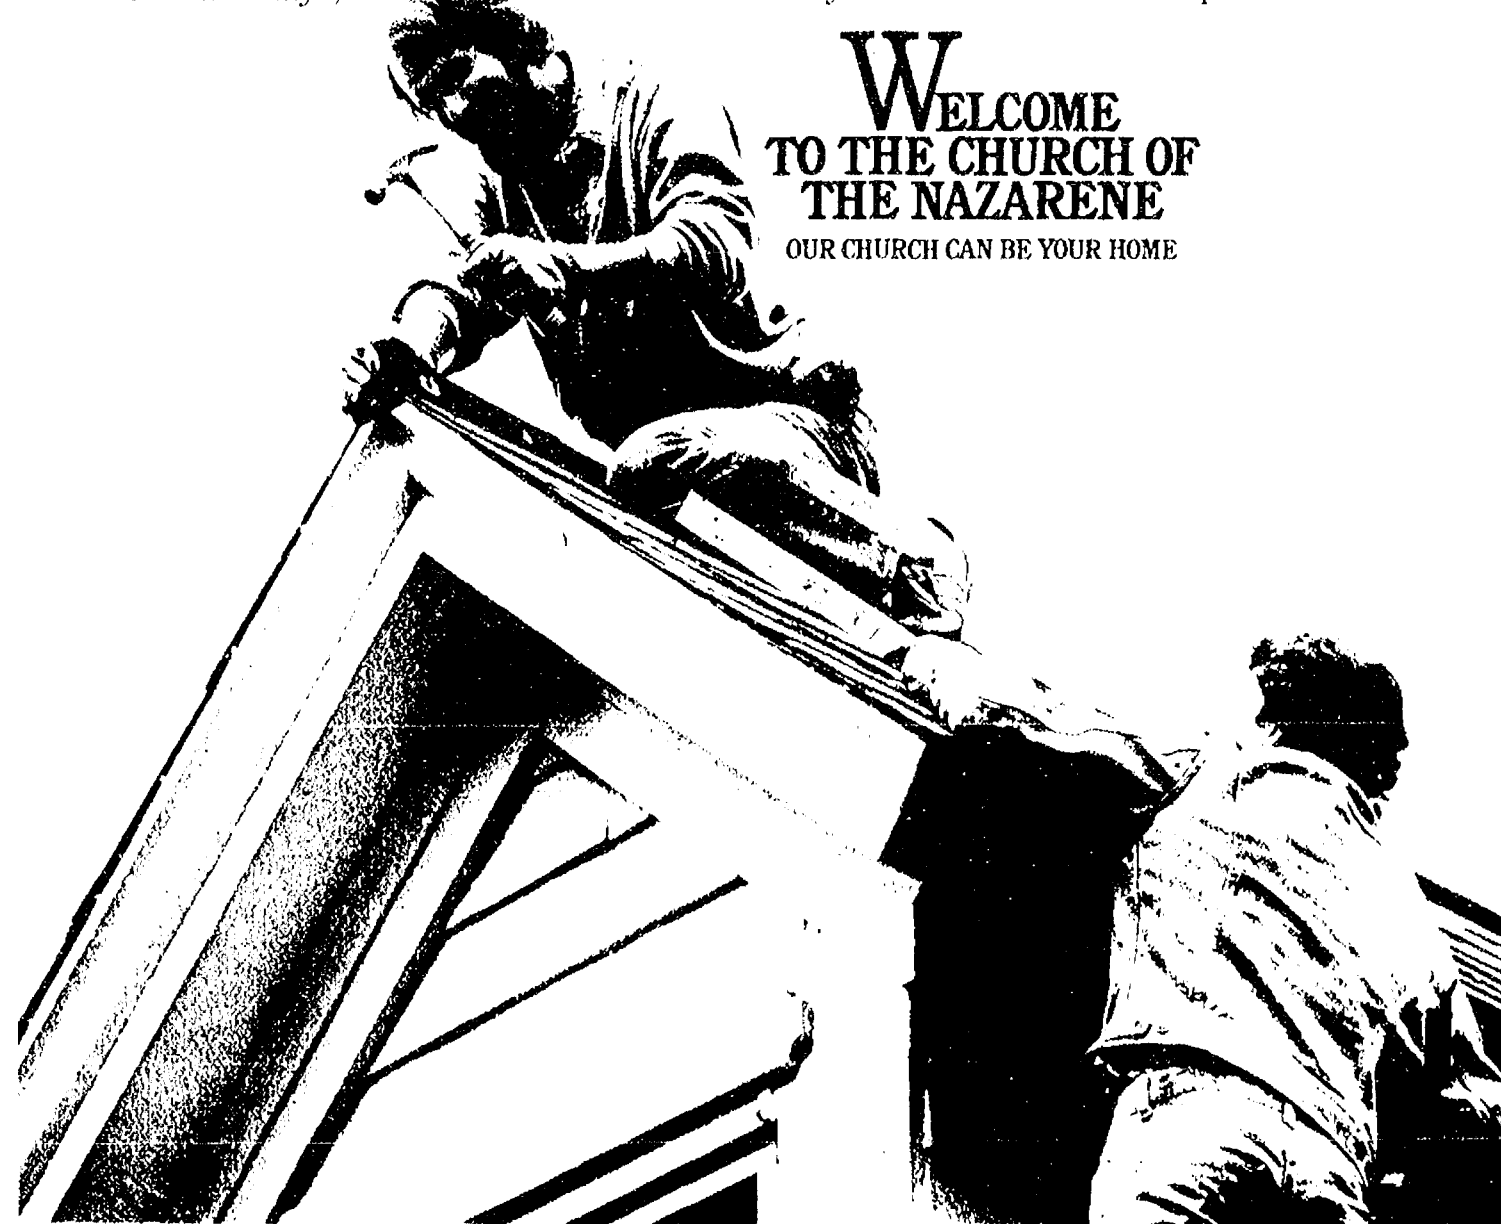

men and boys get together in a special fellowship. They have a great time—just fathers and sons and friends. And they do good things.

They'll repair or paint an elderly couple's house. Or rake leaves and do yard work

for someone who can't get out. Or even help build the little league baseball field.

We like to think of ourselves as a barn-raising kind of church. We care about our neighbors and want to reach out and help.

Cheboygan Blanks Vikes 25-0

By Jon Thompson

Powerhouse Cheboygan got back on the winning track Friday taking advantage of Viking mistakes to win 25-0.

Grayling will entertain Petoskey Friday here as the Vikings go after their first league win. The Cheboygan loss dropped the Green and White to 1-1 for the year.

Grayling played the Chiefs, one of the north's best squads for the last four years, even in the first quarter until a bad snap on a punt gave the ball to Cheboygan on Grayling's 20. They scored, added an extra point, and were never threatened after.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

A fair warning might be in order before the cold weather takes hold. I am not referring to the possible lack of wood in the shed or oil in the barrel but to the forthcoming invasion of mice, specifically Deer Mice. If you live in town, they may not be a problem but for those who live where the woods touch the yard, it is best to be prepared. Deer Mice are not like the common house mice of civilization. They are pretty, clean little critters with white vests, tannish points, and big round ears. They are easy to tame and will soon learn to eat from your hand. During the summer, they live outdoors in the woods where nature really intends them to be but with the first heavy frost, they will begin looking around for a warm, cozy place to spend the winter. The rather obvious answer may be your house. They may well come in droves and, if you let them, will eat you out of house and home. You may have to store all your food in tin or glass containers and put your pillows, blankets and extra clothes in metal lockers. Even your soap and emergency candles may be nibbled on. I suggest you close all possible entry points and remember it does not have to be very big at all to let that varmint in. Maybe you want to acquire another cat. Whatever, just be prepared.

Crawford County Board of Commissioners

SYNOPSIS

August 25th — Regular Meeting

The August 25th, 1983 Meeting of the Crawford County Board of Commissioners came to order at 9:30 a.m. with all commissioners present but Miller. Miller attended the entire afternoon session, and Commissioners Joyce and Harland were excused at 4:00 p.m. and 4:45 p.m. respectively. Fifteen visitors were present at various times. The minutes of August 9th, 1983 were accepted as presented, and twenty four pieces of correspondence were reviewed and placed on file. Among these was notification from the County Labor Consultant of an increase in fees, which was tabled for further review; and a letter from Congressman Albosta regarding the County's opposition to the IMF Supplementary Appropriation Bill. Review of the latter was followed by adoption of a Resolution reaffirming the Board's opposition to the IMF Appropriation.

IN MATTERS RELATED TO FINANCE, the Board:

- authorized payment of \$142.68 in expense reimbursements to two employees, and a \$24.75 bill for registration fees for a meeting of the Municipal Employees Retirement System.

- reviewed and discussed with the Treasurer a projected deficit in the 1983 budget estimated at \$44,325.00.

- approved transfers of \$25 thousand to the Probate Court Child Care Fund, \$56 thousand to the Public Transit Fund and \$39 thousand to the Commission on Aging Fund.

- authorized payment of \$3,575.00 to Grayling Insurance for renewal of Airport liability insurance.

- scheduled a Sept. 6th meeting with Department Heads to discuss adjustments to the 1983 budget.

- abolished the five-member Statutory Finance Committee, and reinstated the three-member advisory Finance Committee with its original membership.

COMMITTEE REPORTS INCLUDED:

BUILDING AND PERSONNEL: Several requests for increased wages, fringe benefits and job re-classifications were reported from committee. After much discussion, the Board:

- upgraded a District Court position from an 02 to an 03, for an hourly wage increase of thirteen cents.

- increased the hourly wage of the District Court 01 position by fifteen cents.

- denied the request of one union employee for either a raise or job reclassification on the grounds that such consideration was deemed contrary to accepted bargaining procedures.

- denied a request for a wage increase or salary status for the Probate Court secretary due to lack of requested budget information from the department.

- tabled a motion to freeze all job classifications.

ADDRESSING THE BOARD BY APPOINTMENT

SHERIFF WHITE, who notified the Board that no bids were received on the 1979 Buick, and distributed the July Activities Report.

JOHN HALLER, a potential Airport contractor, who presented a written comparison of 1982 Airport expenses under County operation, with what he estimated costs could have been under a contractual arrangement. Haller indicated his proposal would include a fixed base operation, with equipment, maintenance and liability insurance remaining County or Transportation Authority responsibilities. Gas purchase and business insurance would be the operator-manager's obligation. Also discussed were recent cuts in hours of operation, and the present lease provisions which prohibit the assessing of landing fees. Board consensus was to request the Transportation Authority to consider contracting Airport operation, and to advise the Board of their recommendation.

KENT REYNOLDS, Superintendent of Crawford AuSable Schools, who presented information relative to the middle school bonding proposal set for election Sept. 12th. A brochure was distributed, and Reynolds responded to numerous questions concerning the issue.

Anton Colasacco, Director of North Central Mental Health Services, who presented an in-depth comparison of costs and revenues from FY 82-83 to FY 83-84. Consensus of the Board was to support the base program, and maintain the current funding level.

PROSECUTOR JOHN HUSS, who reviewed a legal matter with commissioners in executive session, after which the Board agreed to pay \$1,500.00 and an additional \$610.78 to Xerox Corporation in full settlement of a contract dispute. The figures represent monies needed to dissolve a lease agreement, and payments due on a service contract.

EQUALIZATION DIRECTOR LARRY HUNTER, who requested that consideration be given to transferring the Under-sheriff's Nova to Equalization. The 1978 Suburban presently used by that department could then be sold, and the monies used to recondition one of the old patrol cars for the Under-sheriff's use. The Board moved to advertise the Suburban for a minimum bid of \$600.00; with bids to be received by Sept. 12th, and opened Sept. 13th. Hunter also presented a map outlining lands which the U.S. Forest Service is proposing to exchange with the DNR. No problems are anticipated in the exchange.

IN OTHER BUSINESS, the Board:

- tabled a motion to employ John Haller as temporary assistant manager of the Grayling McNamara Airport.

- extended the employment of Wayne Russell at the Airport for a period not to exceed six weeks from Sept. 1, 1983.

- tabled the issue of including the ski park under the County Self Insurance Program pending receipt of further information.

Meeting adjourned at 5:26 p.m.

City Council Proceedings

Special Meeting of the City Council held September 3, 1983. The meeting was called to order by Mayor Thompson at 8:45 a.m.

Members present: Thompson, Sabin, Sloan, Golinick, Latuszek.

Members absent: None.

Also in attendance: Allen V. Schreiner, City Treasurer.

The purpose of the meeting was to discuss settlement of a workman's compensation claim brought by a former employee, Harold Baker.

Mr. Baker claimed severe heart damage resulting from his employment with the City of Grayling. The Settlement offer is to relieve the City from any further action.

Mr. Sabin reported on conversations with the Insurance Co. and the Attorney and stated that under the circumstances which exist, the case would probably be decided in favor of the plaintiff. A letter was received from City Attorney Miles stating that in his opinion it would be better to settle the matter as soon as possible. Council discussed the alternatives which do not appear to be viable.

Motion by Thompson, supported by Golinick that on recommendation of the City Attorney and the Attorney of the MML Group Account the City accept the settlement offer from Mr. Baker's attorney as presented. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Golinick, supported by Sabin that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 9:10 a.m.

Also in Attendance: Jerry W. Morford, A. Donald Sorenson.

Citizens who wish to speak. There were no Citizens who wished to speak.

Communications were received and noted.

From City Treasurer re: August Financial Statement. Several questions were asked by council members. The item will be discussed at the next meeting when the City Treasurer is present.

From Chamber of Commerce re: Newsletter.

From City Manager re: Copy of Article on Public Management.

From Jansen Sales & Service re: Letter to Grayling Housing Commission.

From Don Geiss re: Report Punch and Binder.

Old Business.

The City Manager presented data reference the November 8, 1983 City Election, and filing date for petitions for 3 City Council seats up for election. The final date for filing is September 20, 1983.

Discussion was held on the request of Mr. Morden Post for city aid in sidewalk replacement, under the 60/40 sidewalk replacement program. Total cost of the 80 square feet of sidewalk in question is \$180.00 including removal of the previous concrete. This amounts to \$2.25 per square foot. The city share would be \$72.00 if the city were to pay 40% of the total cost including removal. Mr. Morford noted that if the cost were \$1.25 per square foot as has been the case in other recent residential sidewalk replacements the city cost would be \$40.00 for the work. Much discussion occurred with Council stating that this project would be the last one funded by the City without Council approval of bids prior to construction of the walk.

Motion by Sloan that City Council approve payment of \$40.00 under the 60/40 sidewalk program. Motion withdrawn for lack of support.

Motion by Latuszek, supported by Thompson that the city pay \$72.00 toward Mr. Post's sidewalk under the 60/40 program with the understanding that this will be the last project funded without prior Council approval of bids. Ayes: 2, Nays: 2, Absent: 1, motion failed.

Further discussion was held regarding the 60/40 program and the Post project with all agreeing that Mr. Post had made a nice improvement on Michigan Avenue and that this new sidewalk and drive would be a big help in keeping sand out of the street and that such projects should be encouraged.

Motion by Latuszek, supported by Sabin that the City pay \$65.00 toward Mr. Post's sidewalk replacement under the 60/40 program and that Mr. Post receive a letter from the city commending him for his improvements. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Mr. Morford presented a letter from Robert McLachlan of Milltown Refuse Co. dated August 23, 1983 requesting an increase in monthly payments for residential refuse pick-up in the amount of \$50.00 per month for the 1983-84 Fiscal Year. This increase is in accord with the 3 year contract in effect between Milltown and the City and is based on increases in dump fees by the two county owned landfills used by Milltown and increases in license fees for equipment. Mr. Morford recommended approval of the request.

Motion by Thompson, supported by Sabin that the Milltown Refuse Co. contract be approved for 1983-84 Fiscal Year with a \$50.00 per month increase over the 1982-83 contract and all other terms of that contract to remain in effect. Ayes: 3, Nays: 0, Absent: 1 (Sloan), Absent: 1 (Golinick), motion carried.

New Business. There was no New Business.

Reports of Councilmen.

Mayor Thompson noted that Mr. Jack Hull had asked him to request that the City Crew patch the alley behind the Chief Shoppeneagon Hotel as soon as possible. Mr. Morford said that he would look into the matter and have the City Crew do whatever is needed.

Reports of City Manager. Mr. Morford reported on the following.

Hanson Recreation Area finances and money needs.

Transportation Authority finances and needs.

M.M.L. Conference in September.

Use of Camp Lehman's crew in Cemetery and other city property.

Adjournment.

Motion by Sloan, supported by Thompson that the meeting be adjourned. Ayes: 4, Nays: 0, Absent: 1, motion carried. The meeting was adjourned at 8:49 p.m.

Girls Go 2-0 by Beating Roscommon 49-37 Here

by Jon Thompson
Heidi Bendig poured 20 points through the nets for the second game in a row and Grayling held Roscommon to one bucket in the third quarter enroute to a 49-37 win.
Grayling improved its record to 2-0 for the year. The girls played Oscoda here Tuesday and tangle with Houghton Lake Thursday also in the GHS gym.
"At times we looked good," head coach Tom Mills said. "We looked up court well to the lead player

and got 6 to 8 points off fast breaks in the fourth quarter."
Mills said Grayling set up their offense well but did not run or press well the entire game.
Leading scoring support to Bendig, the team's leader, were Karyn Reynolds with 12, Stacey Wolcott 7, Kris Laudenslager 3, Shelly Trenary 3, Michelle Barber 2, and Erin Jones 2.
Wolcott led in rebounds with 12 followed by Laudenslager with 11. Mills said Barber played a fine defen-

sive game.
Grayling went ahead 13-7 in the first quarter, held a 23-15 halftime lead, and sealed the game in the third quarter. They held Roscommon to 2 points while hitting for 13. Roscommon came back strong putting in 20 points in the final eight minutes but Grayling held on.
"Roscommon looks like they are going to be a good team later in the season," Mills said.
Grayling starts league play next Tuesday against Petoskey at home.

whether the school board will go to the voters again to solve middle school housing problems but when and what issue will be on the ballot.

The survey will help determine what issue. The date of the election could be in March or April, during the regular June election, or the following September.

Superintendent Reynolds also presented a report on the district gifted and talented program. Thirty five students at the high

school have an advanced skills class one hour a day taught by Nancy Lemmen and Mike Delp. Students learn higher order thinking skills as well as creating more challenging projects in place of regular assignments in other classes. Twenty two students are in the program at the middle school taught by Gayle Mills, and twenty six students from both Frederic and Grayling elementary schools are being taught by Nancy Cohoon and Marty Ingvarsson. The K-8 students have the class once a week.

Eagle News

Madam State Pres. Mary Mauro and State Trustee Ruby Cooper attended our meeting on September 15. Mary gave an amusing talk about her visits to the various auxiliaries. The high point was a 3 mile ride in a ricksha, pulled by the Aerie State President. Mary had accepted his challenge that the Aeries would pledge more support for his favorite charity than hers. We're proud to say that the ladies did it again!

Everyone who attended the Glenn Miller pot luck and dance on Saturday night had a good time.

The fish fry is doing well and the price is right, so treat yourself on Wednesday nights; no dishes to wash, ladies!

On Sept. 25, Canoe Trip, same time, same starting place. We hear Helen can hardly wait to go again.

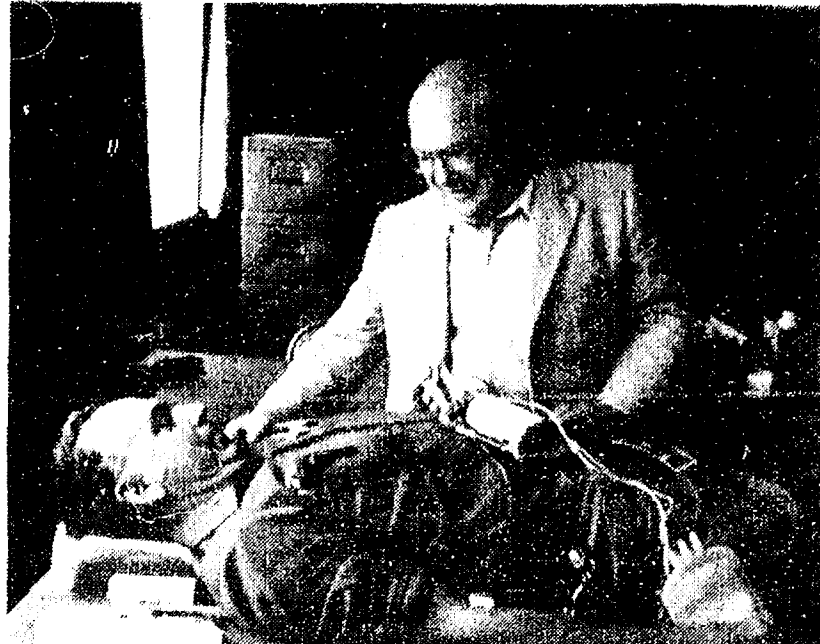

On Oct. 9, there will be a District Meeting at our Club. We can use your help; we'll need pies and salads for that event so be thinking about it.

Glad to hear Leata Ingraham is home from the hospital. Hurry and get out and about; we miss seeing you. Effie Howe is in LTC at Grayling Hospital.

For those going to the Zone Meeting on October 1 and 2, have fun.

Bazaar date is November 5 and 6.

Chamber Chatter

By Joyce Koika

Harvey Van Patten and Tresa Bucher of Lakeside, Oregon began an exciting trip on May 17th from Three Forks, Montana to Grayling by paddling their canoe via the Lewis and Clark Route. They arrived at Ray's Manistee River Canoe Livery on Monday, Sept. 12th where they were welcomed by Chamber of Commerce President, Joe Wakeley, local canoe livery owners, community dignitaries, the Sheriff's Dept., local news media and TV Channels 9 & 10. The couple portaged their canoe to Ray's AuSable Canoe Livery where they began their final stretch to Tawas City, home of Van Patten's mother and their point of destination. A truly great experience.

Plans for the Chamber's Annual Banquet are progressing nicely according to the committee. Bid information was sent to all restaurants belonging to the Chamber. Present plans are to hold it on the weekend, enabling more members to attend.

Did you know that a person could ride a bus from Grayling to either side of the state or to the northern and southern tips of Michigan through our own Dial-A-Ride System? Chet Johnston, Director of the Crawford County Public Transit explained that connections may be made with other counties if the traveler is not in a great rush to get to his destination. Also, if a large enough group of people desire transportation to another community, our own Dial-A-Ride could be chartered at a nominal fee. What better way to go to a ball game or convention?

A new name for the Red Coat Roundup is needed. There is \$30.00 worth of merchandise waiting for the contest winner who hands in the best name to the Chamber Office, Skip's Sport Shop or R & H Sport Center. The contest closes Sept. 25th.

The Holiday Homemakers Show is being scratched this year. In its place will be something very new and special to our community. On Sunday, December 18th the Grayling Regional Chamber of Commerce is hosting a Holiday Home Tour. Approximately six families will open their beautifully decorated homes for the tour. Dial-A-Ride will provide transportation for those who do not wish to drive. The date to keep in mind is December 18th. More details to follow.

A Safety Committee Seminar is being sponsored by the Grayling Regional Chamber of Commerce and the Safety Educational and Training Division of the Michigan Department of Labor. The date is Tuesday, Sept. 27th from 8:30 a.m. to 4 p.m. at the Grayling Holiday Inn. The \$10.00 Registration Fee includes lunch. Registration Forms are available at the chamber office and must be returned to the chamber prior to the seminar.

New members joining the Chamber of Commerce this week are Edwin and Darryl Allen of Allen's Professional Steam Service. They are located at 3766 Oakland Trail in Crawford County near Roscommon. We welcome them into the Chamber Membership and wish them the very best in their business. A grand opening is being planned for early October.

VITAL BRIDGE

Living on an island has its problems! Islands are just fine... until you run out of bread or need the refrigerator fixed. That's why we built this rustic bridge last summer. It's safer for the children than our old boat, and it links us with our neighbors if we or they need help in a hurry.

There is great need for another bridge these days... not of wood or stone, but of understanding between the world's people. "No man is an island..." We are all children of God, made in His image.

The Christian Church is the living bridge that seeks to unite people everywhere in the fellowship of Jesus Christ, the Prince of Peace. By supporting your church and striving to live by its teachings, you help to span the gulf of ignorance and fear that still separates us from our brothers and sisters.
